Hey, Hank told me that you conflict out on Wilcox. Cleveland has foodie places! Just kidding I used to love to go to a corned beef, pastrami deli, in an alley behind Macys,(Otto Mosuers) and The Stouffers spot on the square. I think it was Tavern on the Green or something like that. My other favorite lunch spot was in the Terminal Building headed for the rapid Transit. It was a bar that had a great open face ham and swiss, and great bloody mary's.
Ah fond memories!

Nice to hear from you! We have still not heard about the conflict on Wilcox. Times have changed ☺

I'll track down the template we typically use for the deletion. I can work up the draft or you can do it yourself, if you're not too busy. Just let me know.

Your vacation sounds nice. My husband got a training class for a new piece of imaging equipment in Cleveland in June! So, we're headed up that way. It will be nice to see everyone and there are some foodie places my frustrated chef hubby wants to visit.

Hello partner, We are ready to do an NPL deletion or at least start working toward that. I guess9 we/I or whoever) need to do a public notice, hold a comment period, answer comments, and place the deletion package in the repository.

I hope you are doing well, we had a riot on out trip to Branson and stayed in a great Bed & Breakfast!
